A solution for hail nowcasting

Challenge organisation

Founded in Europe in 1999, [P4Q Electronics](#) is an original design manufacturer (ODM) of proprietary **PV Solar Tracker Controllers** (Suntrack®) for which we are the **market leaders**, and of high precision diagnostic tests (Qassay) as well as electronics manufacturing services provider for high demanding industries worldwide such as Rail industry, Automotive, Industrial and other.

P4Q continuously invests in world-class Research and Development to deliver greater value to customers and expand its portfolio of products and added value services, remaining at the forefront of innovation in the Renewable Energy Industry for PV Tracker Controllers, and offering the most comprehensive range of products and services in the market.

Full description

We are looking for a solution for hail nowcasting that can be integrated in a web monitoring tool by an API. We also need a worldwide coverage and the capability of indicating hail diameter.

What we are looking for

We are looking for a company able to provide hail nowcasting service with a worldwide coverage.

What we offer

We are offering an integration of the solution in our web monitoring tool for photovoltaic plants.

Other

Opportunity area	Smart production
Looking for partners in	Latin America; Caribbean
Specific Areas	Others
Technologies	Big Data Analytics; Artificial Intelligence; Machine Learning; Satellite Services (geo-positioning, navigation, etc.).

This is a challenge identified by the EU-LAC Digital Accelerator team in the frame of the Call for Challenges. The mission is to connect challenges from corporates with solutions from startups to boost digital transformation in Europe, Latin America and the Caribbean. If you are interested to learn more about us, visit our [website](#).

If you are a startup with a digital solution willing to explore collaboration opportunities with this corporate, [join our matching platform](#) and **let the open innovation game start!**

If you are called by this challenge but have questions, do not hesitate to [contact us](#).

Subscribe to our **Newsletter** and follow us on **LinkedIn**, **Twitter** and **Instagram** so you don't miss a thing!
