

**TECHNICAL CAPACITY BUILDING TO SUPPORT THE GREEN TRANSITION IN CARIFORUM  
MSMES**

**Frequently Asked Questions**

1. Can a consulting firm or individual apply?

Yes, an individual or team/firm can apply.

2. What is the profile of the participants?

SMEs across various sectors.

3. Can you share the curricula to be amended.

Caribbean Export does not have the curricula. We are asking that trainers/facilitators in the green space or otherwise use their curricula or one they have access to for the project. Resources will not allow for new course or curricula development.

4. Which are the 8 countries for the training.

As per the TOR, respondents are invited to propose the locations based on the desk research.

5. Considering a timeline of May 2024 to August 2025, what is the level of effort?

We would like the 8 workshops to be completed by August 2025 – respondents can therefore propose a schedule within this period.

6. What is the budget?

As this is a competitive process, we are unable to share the budget.
